

SAMPSON HOT.

He and Shafter Have a Clash of Authority.

WANTED TO SEIZE A VESSEL.

Shafter Told Him "Nit!" and That Ended It.

SANTIAGO DE CUBA, July 19.—(Special to the News.)—Sampson and Shafter have had a dispute resulting from a clash of authority. Sampson entered the harbor and claimed a prize vessel. Shafter made the rear-Admiral retire, saying that he had nothing to do with the seizure.

SOLDIERS POISONED.

They Eat Cabbage From a Corroded Vessel.

Fifty-five Affected and Fifteen Reported Dying.

CAMP ALGER, Va., July 19.—(Special to the News.)—Fifty-four soldiers were poisoned in camp today by eating cabbage. Fifteen of the unfortunate victims are dying. The cause of the wholesale poisoning was a corroded copper vessel in which the food of the mess was cooked.

MAD AS HORNETS.

Cubans Angry Because They Are Not Allowed to Loot Santiago.

WE MAY HAVE TO SPANK THEM YET

WASHINGTON, D. C., July 19.—(Special to the News.)—Shafter reports that the Cubans are as mad as hornets because he will not let them loot or enter the town of Santiago. He says it is advisable that protection be offered the Spanish citizens under the circumstances.

IT'S ALL A BLUFF.

Blanco Talks Through His Hat and Says Santiago Will Be Retaken.

OUR BOYS READY TO CALL HIM.

HAVANA, via LONDON, July 19, (Special cable to the News.)—Captain General Blanco has cabled that he is about to take steps to recapture Santiago de Cuba. This is regarded as a bluff and if he attempts it he will find the American army ready to call him.

Raised "Old Glory."

GUANTANAMO, Cuba, July 19.—(Special to the News.)—The Americans today hoisted "Old Glory" over Camarero today. Four thousand Spanish soldiers and one gunboat that was guarding the harbor surrendered to our troops.

Soldiers and Amunition Surrendered.

WASHINGTON, D. C. July 19.—(Special to the News.)—General Shafter today reported to the War department that the Spanish commanders have surrendered to him ten million rounds of ammunition and twenty-two thousand seven hundred prisoners of war.

Miles Gets Away.

WASHINGTON, D. C. July 19, (Special to the News.)—General Miles did not get away to Porto Rico until today.

GLORIOUS TROPHIES.

Two Battleships May Be Saved and Added to Our Navy.

SANTIAGO DE CUBA, July 18.—Capt. Cook, of the Brooklyn, is authority for the statement that the former Spanish flagship, the Maria Teresa, has floated off the reef on which she stranded, and that her heavy armament is practically uninjured. The captain also says this cruiser will almost surely be saved for an addition to the United States navy as a trophy of the glorious July 3.

The Cristobal Colon also may be saved though a good deal depends on the weather, which is very uncertain at this time of the year. A heavy storm might drive the cruiser so high on the coral reef that it would be impossible to float her.

YANKEE BOYS.

Capture a Spanish Flag in a Fight.

WASHINGTON, July 18.—The first Spanish battle flag captured in Cuba by the American army reached the war department today. It was consigned to Gen. Corbin, who displayed it to view on the back of a chair in his office.

It was captured by Company B, first United States infantry, regulars by the following detail: Corporals Newman and Boyle; Privates Keyser, Cooley and Houghteling; J. J. Crittenden was captain of the company.

SPANISH GUNBOATS

Bombarded and Stranded by American Warships.

LONDON, July 18.—A special dispatch from Havana, dated Monday, says:

Seven American warships heavily bombarded Manzanillo this morning. Three steamers of the Menendez line were set on fire. Several gunboats that were in the harbor issued for the defense of the town but were stranded. The result of the bombardment is not yet known here.

SUSPICIOUS.

Surgeon Refused to Allow Sick Soldiers to Land.

NEWPORT NEWS, Va., July 18.—The United States transport Seneca arrived in Hampton Roads this afternoon at 3 o'clock with ninety-nine sick and wounded soldiers from Santiago, in view of the prevalence of yellow fever at Santiago, Dr. Pettus of the United States quarantine office, refused to permit the sick and wounded men to be landed. It is understood that they will be taken to New York.

AN HONOR.

French Warship the First to Salute Old Glory in Cuba.

WASHINGTON, July 18.—A French warship will be the first foreign warship to salute the American flag flying on Cuban soil. Word has been received here that the French cruiser Rigault de Genouilly has been ordered to Santiago. The Rigault de Genouilly has arrived at Guantanamo, which is only a few miles from Santiago.

UNDER LEE.

Bryan and His Men go to the Front.

OMAHA, Neb., July 18.—Col. Wm. J. Bryan's regiment has at last started for the front, and the late presidential candidate, in his soldier uniform, is now on the Burlington road, en route to Jackson, where Col. Bryan and his regiment will be under the command of Gen. Fitzhugh Lee.

MAY BE TROUBLE.

Tonal to Notify Troops of the Surrender.

GUANTANAMO BAY, July 18.—The problem of notifying the Spanish troops of the fourth army corps outside of the which composed the garrison of Santiago de Cuba, of the surrender of Gen. Tonal's forces is likely to cause some trouble. The Spaniards at Guantanamo are evidently still ignorant of the surrender, and the Cubans, under Gen. Toral, have daily skirmishes with the defenders of the town, who are apparently trying to break through the lines and join the Spanish force at Santiago de Cuba.

Gen. Miles, who arrived here this afternoon, says that Gen. Toral will send officers to different garrisons in the province, notifying them of the surrender.

Death of an Estimable Lady.

Mrs. Elizabeth Egan, an estimable Hancock woman, died Friday night of consumption and rheumatism. Her interment took place in the Nichols cemetery. The deceased was 66 years of age.

Pleasant Outing.

Mrs. A. A. Lattin and children, Mr. and Mrs. Kenneth Gregory are taking a week's outing at the famous Tar Springs.

STARVING PEOPLE.

Pen Picture of the Awful Misery of Spain.

Beggardom Assuming Proportions that Dismay Police.

MORE WOMEN THAN MEN.

(From the London Telegraph.)

There are other layers of the population who are literally starving. Throughout Spain, for example, the school-masters—those whose mission it is to impart elementary instruction—are terribly underpaid—on paper. In reality they are not paid at all. With the exception of two provinces, those wretched Spanish "dominios" have not seen the color of the money owing to them for ten, twelve, or twenty months. In various parts of the country these teachers of the future generation have opened tents to begging in the streets. The soldiers who sacrificed their health and who lost their limbs in Cuba and the Philippines are still the unpaid creditors of the nation, while the money which the government expressly stipulated to pay them has been involved over to the rebels as an inducement to keep the peace. And everybody now knows how it was kept. A few days ago a Sergeant accounted for his lack of pay in the columns walked about the streets begging a crust of bread, until the crowd gathered around him and took pity on the pariah. The widows and orphans of the thousands of brave youths who lost their lives in Cuba are dying slowly of starvation.

The proportion of women to men in Spain has become very unfavorable for the former, and in Madrid alone there are about 38,000 more women than men. And few can realize the meaning of this terrible fact. The soldiers in Cuba at this present moment have unqualified claims against the Government for six months' pay, and entertain such hopes of ever receiving it.

Throughout the whole peninsula and in every branch of trade and manufacture the same dismal story is told. In Cadiz the population is fast to face with blank ruin. Ships laden with Spanish cargoes for the colonies are obliged to deposit them in that city, where trade and commerce are already dead. Barcelona, whose rapid growth and comparative wealth were dependent upon the markets of Cuba and the Philippines, is suffering incalculable losses. Works and factories have been closed, thousands thrown out of employment, the foreign colonies is equivalent to starvation and beggary is assuming proportions which defy and baffle the police. To make matters worse, other occupations which sustained the population of the war are suffering at the hand of nature, and everything seems hostile to Spain.

In Xerez, for instance, the ravages of the redoubtable phylloxera are such that in a couple of years more the native vineyards will have entirely disappeared, and sherry wine, in the good old sense of the word, will have become a thing of the past.

No wonder, if under such appalling conditions of existence, the people should exhibit no enthusiasm for the foreign colonies of equity, honor, patriotism, etc., which are being trumpeted abroad by eloquent young men whose heads are filled with names from Greek and Roman history and whose ambitious yearns for a place in the Cortes. I could give many startling instances of this realistic current among the people, especially in those who have to lead a hard life. But I have said enough to make it clear that Spanish politicians who have ruined their country are not to be let live in peace.

CAT ASSAYED 98-31.

It Hadn't Been in a Old Mine for Nothing.

An amusing mining story comes from the vicinity of the mine in the Warm Springs district near Butte, Mont. L. J. Ewen, who owns and works the mine, also owns a pet cat. This cat climbs up and down the shaft, through drifts and over the top of the mine, and lives down there most of the time, being fed by the miners from the contents of their dinner pails.

A brilliant idea struck Brown the other day. He took the cat into the ore house and washed the hair as clean to the skin as it could possibly be "sashed." There was no hair left on the cat, and the highest percentage, and the entire cat assayed 98.31 on an assayer's scale. It is doubtful if any mine in the Rocky Mountains can assay better than 98.31 to the cent.

A Tip to Mothers.

The year of greatest growth in boys is the 12th; in girls the 14th. While girls reach full height in their 18th year, when the bones are again thrust and remain so from November to April. Boys reach their full height and gain in height, but not in weight, and from July to November they increase greatly in weight, but not in height.

A GREAT YEAR.

Some Facts About Our Immense Export Trade.

The record of the most remarkable year in our export trade has been completed by the Bureau of Statistics, so far as relates to the exportation of wheat, corn, and other breadstuffs, pork, lard and other provisions, cotton and mineral oils.

The cotton exported during the year increased from 3,103,754,949 pounds to 3,441,332,800 pounds, while the total value last year was \$230,890,971 and that for the year just ended \$229,907,477. The export of mineral oils increased from 97,514,940 gallons to 1,022,210,370 gallons, yet the total value in the year just ended was but \$84,171,000, against \$82,938,057 in the preceding year, a marked increase in quantity and decrease in export value.

In provisions, including beef, pork and dairy products, the value of exportations is greater than last year, being \$194,454,074, against \$137,138,084 last year. The value of the wheat and flour exported during the year just ended amounted to \$212,801,629, a sum only surpassed in 1880 and 1892, the total in 1880 being \$225,879,802, and that of 1892 being \$226,761,416.

In corn the exports for the year exceed both in quantity and value those of any preceding year, the number of bushels (including corn meal) being 209,559,102 bushels, valued at \$75,200,000.

The largest exportation of corn in any preceding year was 178,817,417 bushels in 1897, valued at \$43,989,213, while in no year prior to 1897 did the quantity of corn exported ever reach half that of the year just ended.

In oats, oatmeal and rye the exportation also greatly increased, the total in each case for the year just ended being about double that of the preceding year.

THE MARKETS.

Reported by Heston, Willis Company.

Chickens, 8c.
Eggs, 8c.
Cabbage, 15c.
Potatoes, 60c.
Green Apples, 40c.
Onions, 75c.
Corn, 8c. to the dozen.
Beans, 8c. gallon.
Green Apples, 40c.
Peaches, none in market.
Yellow Root, 20c. to 25c.
Ginseng, large root, \$2.50.
May Apple Root, 2c.

LIVE STOCK.

CATTLE.—Extra shipping, \$4.50 and \$4.70; common to medium, \$3.00 and \$3.50; feeders \$1. and \$1.25; veal calves, \$5.00 and \$5.75.

HOGS.—Choice packing, 225 to 300 lbs. \$9.50; fat hogs, 120 to 160 lbs. \$8.50 and \$9.00; pigs, 60 to 100 lbs. \$2.50 and \$3.25; Rough, \$2.00 and \$3.00.

SHEEP AND LAMBS.—Good to extra shipping, \$5.50 and \$6.00; fat to extra shipping, \$4.50 and \$5.00; extra spring lambs, \$5.50 and \$6.00; extra spring lambs, \$5.00 and \$6.00; common to medium sheep, \$2.50 and \$3.00.

These were the ruling prices on stock at Louisville, Tuesday, July 19.

GRAIN

Reported by Oakes Bros.

The following are the prices quoted for grain in the local market:

Wheat 65 cents.
Corn 38 cents.

TOLD BY FIGURES.

It kept continuously running, a watch will tick 160,144,000 times in a year. A caterpillar in the course of a month will devour 600 times its own weight in food.

There are found in both books of the Bible 3,598,483 letters and 773,003 words. Over two hundred patents have been issued for horseshoes, and not one of them has ever come into general use.

There are nearly eighteen thousand newspapers and periodicals published in the United States, a gain of over seven thousand in ten years.

The flow of water over Niagara Falls is estimated at 213,000 cubic feet per second, which is equal to 1,563,350 gallons, weighing 14,443,270 pounds.

It is said that the population of the Bible 3,598,483 letters and 773,003 words.

Over two hundred patents have been issued for horseshoes, and not one of them has ever come into general use.

MILITARY LIFE

As Viewed by a Breckenridge Boy.

Who is in Camp on Chicagaua's Famous Battle Field.

ITS LIGHTS AND SHADOWS.

(Written for the News by Don Gray.)

CHICAGAUA, July 18.—This camp is interesting in more ways than one. It is the means of booming the town of Lytle, Tex., and at the present time hundreds of temporary buildings are being erected on the hills and ridges. The whole scene is a country road is now a narrow street, hemmed in on both sides by stores of all classes, stands, museums and picture galleries.

Like the "White City" at Chicago, this temporary city has a certain color tone and it could be appropriately called the Yellow City, its hue being derived from the rough unpainted pine lumber out of which the buildings are constructed.

Lytle is on the western edge of the park and it would be difficult for one to conceive of the vast amount of business and the hustle that prevails here. The military camp contains 60,000 soldiers. The regiments consist of twelve companies, each company has three army wagons and eighteen mules to transport its equipment. Besides an enormous number of mules, thousands of cavalry and artillery horses are used and can be judged this is a great stock market.

The park on which the soldiers are encamped is a military reservation owned by the government. It is being improved daily and car loads of marble, bronze and granite memorial stones and monuments arrive daily to be placed in position on the historic battle field to mark the places where the troops of each state held their positions in the great battle of Chickagaua. There is a vast number of monuments already placed and they rise out from the briar patches and dense tangle of undergrowth like the tombstones of an abandoned and neglected country cemetery.

There has been but little effort made to take advantage of the natural scenery and beautify it by landscape gardening and were it not for the monuments and the historic associations the place would not be as interesting as the barren hills found in some parts of Breckenridge country.

Twenty years ago Americans fought each other on this fatal field, but today the sons of those heroes, irrespective of the sections they hail from, drill where their fathers sought each other's lives and the intense patriotism of the boys of the north and south to the stars and stripes shows that the Civil war is indeed over.

We have boys here from nearly every state and I try to observe the different characteristics of the different boys.

The north west boys are the best soldiers. I love Kentucky and her people but beyond any doubt the north west boys are 90 per cent in advance of us from standpoint of physical ability, soldierly spirit, brotherly association and gentility. Soldiers from the north and north west are more uniform in stature and in the main much better men physically. They present an equanimity of form and robustness that we have not.

Now, for the boys themselves, they are fairly well here. It is a little warmer than they expect, and their nights are much cooler. Now and then a "warmer" is visited by a precursor of the soldier's lot which is the gray back species. They are not so much as the soldiers in the morning and two hours in the evening. But a soldier's life requires lots of miscellaneous labor out of the drill field. The boys have a scrap occasionally and we have a rule for them to go out of camp and settle it in a manly fight without weapons. Being hot in the tents some boy conceived a plan of making a hammock out of his blanket by getting a rope (which is plentiful) and tying it to each end of the blanket and swing it to two trees; in a little while every boy had a hammock made, and was resting in the shade. Then some of the boys thought of some fun, got a sharp knife and went through the woods cutting down the undergrowth, the undergrowth of the morning and two hours in the evening. But a soldier's life requires lots of miscellaneous labor out of the drill field. Being hot in the tents some boy conceived a plan of making a hammock out of his blanket by getting a rope (which is plentiful) and tying it to each end of the blanket and swing it to two trees; in a little while every boy had a hammock made, and was resting in the shade. Then some of the boys thought of some fun, got a sharp knife and went through the woods cutting down the undergrowth, the undergrowth of the morning and two hours in the evening. But a soldier's life requires lots of miscellaneous labor out of the drill field. The boys have a scrap occasionally and we have a rule for them to go out of camp and settle it in a manly fight without weapons. Being hot in the tents some boy conceived a plan of making a hammock out of his blanket by getting a rope (which is plentiful) and tying it to each end of the blanket and swing it to two trees; in a little while every boy had a hammock made, and was resting in the shade. BRECKENRIDGE NEWS.

Jas. D. & V. G. Babbage, Editors and Proprietors

WEDNESDAY, JULY 26, 1893.

SIX PAGES

No indemnity from Spain? Rate!

SPANISH pride came before the fall of Santiago.

The good road movement in this country is a lively one.

PORTO Rico will be the next scalp that will hang to Uncle Sam's belt.

HAWAII fits the map of the United States like the paper on the wall.

Experimenting with fever germs is about as dangerous as monkeying with a bomb saw.

The Philippines have been "posted" by Uncle Sam and "No Trespass" signs stare Europe in the face.

A new ratio has been established in Breckenridge county. States a bushel of wheat to one acre of ground.

BRECKENRIDGE county rosters are patriotic. Every chautauquer on the roost now crows "Santy-Santy-Santiago!"

YELLOW JACK is a free booter that neither respects flags or persons. He is a greater enemy to our soldiers than the Spaniards.

GENERAL SHAFER weighs nearly three hundred pounds and his victory was of the same colossal proportions as his physique.

The Americans command the situation, but the Spaniards who compose the situation are too pig-headed to be commanded.

BEHOLD the dog is soon to have his day, but, before the dog star in the ascendant, step up to the city clerk and pay your dog tax.

That wise old saying in the Talmud: "Silence, which is becoming to the wise, is all the more needed by the fool," fits Richard Harding Davis case exactly.

NO QUESTION can be raised as to the orthodoxy of the Sunday-school scholars who pointed at Tar Sotion and declared: "The amount of chicken devoured was an eloquent testimonial to their Methodism."

GEORGE HARRIS tell us that the official cognomen of the Ladrona islands is the "Marianne." This is important, if true, as it will save Uncle Sam the trouble of selecting a good, old-fashioned name for his newly adopted daughters.

In selecting men from civil life, to be captains and first lieutenants in the army, President McKinley seems to be overlooking Kentucky. It's a hundred to one shot, though, that he won't forget us when he is in need of colonels.

"The flag makes territory wherever it flies," was the motto of those naval heroes, Decatur and Montgomery. It is the motto of every progressive citizen who realizes that it is in accordance with manifest destiny to extend the territorial limits of the United States further out into the Atlantic and Pacific oceans.

The difference between Cloverport and Harwell is explained by the fact that when a burglar attempts to rob a Cloverport citizen he is compelled to resort to the use of chloroform, but when he undertakes the same task at Harwell he accomplishes it by the use of the same old-fashioned method of an opiate and an unnecessary preliminary.

SOME BIRTHDAY REMARKS.

WITH this issue the BRECKENRIDGE NEWS is twenty-three years of age. During its existence the News has tried to realize the highest ideals that a country paper may aspire to. It has never degenerated to the level of a vehicle for gossip and has always tried to rise above the commonplace. The aim of the Editor has been to make this journal essentially a local and county newspaper. It has been his aim to make it an instrument for the advancement of the best interests of the community. It has been his aim to make it a factor in educational work among its constituents. The News is fearless in its criticism and is also just and conscientious. It will always be the best county paper in this State and the United States and those who know it say that it is getting bigger and brighter as it grows older—the result of an honest policy and a high purpose.

EVERYTHING IS LOVELY.

The popular war loan of \$500,000,000 has been subscribed to in three days and the Secretary of the Treasury states that the highest block of bonds that will be issued to any person will be \$4,000. This loan is a valuable object lesson. It demonstrates the fact that it is not necessary for the government to go to Europe after money; it also proves that it is not necessary for Uncle Sam to confuse his borrowing to the banks. It is also eloquent evidence of the fact that the common people of the country have money for investment. The United States will never again be compelled to go abroad for capital. During the past two years our capitalists have been buying American securities held in foreign countries. Our own people have been liquidating their indifference and are now patriotically free of debt. Here in Breckenridge county the farmers owe the banks less money than ever before and a large portion of them have money to lend. About

a quarter of a million dollars lie in our two banks seeking investment. This condition of affairs, with an excess of \$500,000,000 of exports over imports this year point us out as being the most favored nation on earth as well as the only first-class power.

SOME OPINIONS.

A great many people in this community have expressed the wish that the worthless elements of society, consisting of tramps and good-for-nothing negroes, go to the front and fight the battle of this war, rather than the young men representing the best blood of the state and nation. I think such people are unfortunate, inasmuch as they have not a true conception of patriotism. It is as glorious a privilege to fight and die for this country as it is to exercise the right of franchise. The tramp and the good-for-nothing negro do not think so. Both are ungrateful and, being such, they could not defend the American nation and American institutions as they were defended at Manila, La. Quasina, El Caney and Santiago, by the "best blood of the nation." It is the patriot in civil life that makes the hero on the battle-field.

On Thursday last week subscriptions closed to the popular war loan of \$500,000,000. It improved me as being the most wonderful vote of confidence ever tendered any government. The bonds are to be issued in small denominations and the largest amount to be allowed any subscriber will be \$10,000. The issue has been subscribed six times over and there were 20,000 applicants. This means that the majority of the people believe that Uncle Sam is able to take care of himself in peace or war and should be needed, the plain people stand ready to reach down in their socks and lend him the billion of dollars they have laid away to build homes or provide for a rainy day.

Some well-informed authority on the subject of public roads states that there are 1,500,000 miles of public roads in the United States, over which the aggregate amount of 500,000,000 tons of freight is hauled annually.

Estimating the average distance over which freight is thus hauled from the farm to the depot at eight miles, it is figured that the total cost of hauling freight annually over the public roads in the United States is \$1,000,000,000, or \$2 per cent. of the value of the goods.

With uniformly good public roads it is claimed that the cost of hauling freight from the farm to the depot ought not to be more than \$400,000,000 or \$800,000,000 less than what it is at present. This difference is strongly emphasized by the authority from whom we quote when he states that it is equivalent to the yearly interest on \$200,000,000 of 3 per cent government bonds, and adds that with only one-half of this almost inconceivable vast amount every public road in the United States could be rebuilt.

There is food for reflection in these figures. The community that possesses good roads has an incalculable advantage over others. The secret of Louisiana's greatness lay in the highways that Caesar built. The secret of the prosperity that France and Germany possess to-day lies in the good roads that give them imperial greatness.

Roads are the arteries of commerce and it is criminal to allow them to deteriorate. Here in our own county, a plain homestead citizen is doing a world of good to spread the doctrine of good roads. He is Hardy Walker, the road overseer for the Cloverport district. I was talking to a well-known physician the other day and he said: "You cannot praise Hardy Walker too much for the work he is doing on the roads in this district. His conscientiousness deserves the support of all good citizens." There ought to be more Hardy Walkers in this section and if there were Breckenridge would soon rank with the Blue Grass.

You Bet You Can, Clarence.

(Harwell, Ky.) The market is loaded with spring chickens. Mighty few people will refuse fried chicken, sliced tomatoes and butter beans. We can prove this by John Babbage.

GETTING READY

Every expectant mother has a trying ordeal to face. If she does not

Nature is not given proper assistance.

Mother's Friend is the best help you can use at this time. It is a liniment, and when regularly applied several months before baby comes, it makes the advent easy and nearly painless. It relieves and prevents morning sickness, relaxes the overstrained muscles, relieves the distended feeling, shortens labor, makes recovery rapid and certain without any dangerous after-effects.

Mother's Friend is good for only one purpose, viz.: to relieve motherhood of danger and pain. It relieves and prevents all drug stores, or sent by express on receipt of price. Inform them for the wrapper, will be sent to any address upon request.

THE BRADFIELD REGULATOR CO., Atlanta, Ga.

BRANDENBURG.

Gossip From That Lively Little City.

Some Entertaining Comments on Current Topics.

ALL THE LOCAL NEWS.

Health of community fine.

Misses Jen Hardin and Allie Reid are visiting in Big Spring.

Miss Annie Bondurant attended the Pleasant Grove picnic.

Miss Beulah Fontaine is visiting her cousin, Mrs. Laura Bruner.

Mr. James L. Fairleigh, of Owensboro, is here for a few days on business.

Mrs. Marion Childs, of Louisville, is visiting her sister, Mrs. G. L. Nease.

Miss Mathews and Miss Bowles came from Owensboro with Miss Agnes Mallin.

Mrs. Mason McMonigle, of Owensboro, is visiting her sister, Mrs. George Worland.

Will Grinnell has been confined to his room for two weeks, but is improving nicely.

Mrs. D. W. Lewis and children have returned from a visit of several weeks to Indiana.

It is, it can be any warmer in Santiago de Cuba? Not on those hills in the near certainty.

I am glad Mr. Goodnight is back in the mansion of the News. He wields a versatile pen.

Mr. A. C. Burton will conduct the Institute this week at Hardinsburg and next week here.

We want Porto Rico, yes we do, just as we wanted Louisiana, Florida and big slices of Mexico.

Mr. Ross, of Louisville, was a guest of Mrs. E. Bondurant's family last Sunday, to see Miss Kate Leslie.

Miss Lula Lewis gave a delightful evening at Sulphur Springs, Ky. I haven't the names of the invited guests.

I enjoyed the account of the Press excursion. Our city editor of the News reported most graphically and entertainingly.

Blackberries are plentiful as recollections to help the Spaniards I hate to can the former as much as I love to eat the latter.

Mrs. Harvey English, of Stephensport, visited relatives here last week and was accompanied home by her sister, Mrs. Cal Hendrich.

Misses Susie and Nellie Angermier have returned to Louisville. Miss Bertha Stokes will spend the summer with Mrs. Morison.

D. W. Lewis will leave about the 20th of this month, as a "night of the grip" in the paint and oil line. Dennis has a fine address and is a good talker.

Isn't it funny? you never hear fire stir or sound music, but both are about the tariff question, and Wm. J. Bryan has gone to help conquer another enemy.

Mrs. H. G. Woodson and Bonnie Louise have had mumps, but both are about well. Mumps, for about four months has prevailed, often on. Whooping cough holds the fort now.

Hugh Dittie spent Saturday and Sunday at home. He had his best East for Phillips & Owensboro, on his annual business trip. His sister, Miss Mary Len, returned from Ohio with him.

Mrs. Tempe Simmons entertained last Thursday for relatives from Harwell. She is the better and more perfect woman, but incalebolic good is being done by her in clubs and societies, for she is happy in having useful work and is blessed by maintaining unto herself others outside of a certain rat or groove which often makes one narrow and discontented instead of uplifting.

We are all in much sympathy with those who have loved ones at Santiago. Jesse Taylor, nephew of Mrs. Thos. Hamilton, Mrs. Carrio and Miss Barbara Shacklett is a regular and at Santiago.

Dewey, Hobson and Schley are the heroes, so far, in marbles and broken as well as on paper. Every private in the army and navy is just as great a hero in the eyes of one who judges not as a mortal judge.

Henry Ward Beecher was right when he said "The meanest, most contemptible kind of praise is that which is given to a man and then qualifies it with a 'but'." Far better keep silent altogether than to mix praise with slurs.

Miss Mattie Woodridge, of Vine Grove, was my guest last Friday. She has been a pupil in Mr. Pirtle's Professional School at Hodgenville and had the degree Bachelor of Teaching conferred. She speaks in glowing terms of the school and town.

Mr. and Mrs. George Woolfolk, East St. Louis, are visiting here. They will make their home in the future at Louisville. George is a Democrat, but has held the government position, stock inspector, and is an excellent officer and polished gentleman.

I never thought much of Wheeler as commander of the Confederate Cavalry, but he has proved himself none the less. We, as a nation, are justly proud of the chivalrous manner in which Gen. Toral was aided in signing capitulations and the generosity shown by Americans. Spain herself is touched by our treatment of Cervara. Let him have his sword, it will do him harm.

I am glad Dr. Whitlitt has resigned as President of the Baptist Theological Seminary. For a long time a hot fight has been waged among the clergy and laity of the Baptist church over some discovery the Rev. Dr. Whitlitt was so unfortunate to make on baptism up to 1641. Now let harmony reign in that body but the Rev. Dr. was supported in 1897 at Wilmington, N. C. by the trustees and at Norfolk, Va. he was sustained by an overwhelming majority. I consider he won the doctrinal fight all through, but I

When Age Shakes You

you can shake the Age by using AYER'S AGUE CURE. It is the one certain and infallible cure for that debilitating disease. It has been tried in many countries and under various conditions, and has never been known to fail. An old veteran writes:

"You may be interested to know my experience some years ago with Ayer's Ague Cure. The year before the war I was in Kansas. Some twenty of us were engaged in farming, and suddenly all were taken with fever and ague. We tried almost everything without getting any help, till at last I sent to the city and procured a bottle of Ayer's Ague Cure. I recovered at once. The others followed my example, and they, too, recovered. Every one is camp took the remedy and was cured by it. I went all through the war, have lived in thirteen different states of the Union, and have never had the ague since."

O. R. SMITH, St. Augustine, Fla.

There's only one thing to get for ague:

Get AYER'S Ague Cure.

admire his course for the sake of harmony.

Socrates, than whom none was wiser, gave us a story of one Pambo, a very plain, ignorant man who went to a learned man and asked him to teach him some Pains. He referred him to the thirty-ninth Psalm: "I said, I will take heed to my ways, that I sin not with my tongue." Pambo is said to have closed the book immediately and to have left saying: "I will learn that point first."

After nine months absence the learned man asked if he were ready to go forward when this same Pambo replied: "I have not yet learned my first lesson." Forty nine years afterwards he gave the self-same answer. Who of us has learned that lesson? Who does not sin with his or her tongue? and yet we are anxious for lessons in our epitaph.

I am always interested in the doings of those progressive ladies of Irvington and vicinity. The B. V. R. C. most certainly deserves great credit for the promotion and cultivation of a higher standard of literature, and for instilling into the heart a love of country. How absurd to hear any one at this advanced, enlightened age say—like women who take interest in public affairs or who belong to clubs will cease to be good housekeepers, good wives and attentive mothers! On the contrary such women invariably make far more competent housekeepers, for they are invariably broad-minded, sympathetic and charitable by coming in contact with other congenial souls and by cultivating a taste for the beautiful and refined at home and abroad.

Only old fogies and croakers utter such obsolete sentiments these days. Queen Victoria has all of her long and useful life taken much interest in public affairs and has had much to do with politics and yet she has been a careful housekeeper and devoted wife and fond mother. No outside interest ever interfered with the right kind of a woman's home-life or her duties as wife and mother—for a woman is intended to be a homemaker and for every aim she is the better and more perfect woman, but incalebolic good is being done by her in clubs and societies, for she is happy in having useful work and is blessed by maintaining unto herself others outside of a certain rat or groove which often makes one narrow and discontented instead of uplifting.

NERVOUS BURGLARS.

Chloroform and Rob Wharfmaster Gregory.

They Put His Watch Dog, Fritz, to Sleep.

WATCH AND MONEY GONE.

During the small hours of Monday morning, burglars effected an entrance into the home of Wharfmaster, John David Gregory, through an unfastened window.

Fritz, the watch dog, began growling and Mr. Gregory partially awoke, but soon became very drowsy and in a short time lost consciousness.

In the morning when he recovered the odor of chloroform was noticeable in his sleeping apartment and his clothing was disarranged.

He became suspicious and, upon investigation, found that \$10 in silver, that was in his trouser's pockets, and a gold watch valued at \$50 together with a Masonic emblem, of the gift of his daughter, Mrs. R. N. Hudson, was missing.

Fritz, his dog, showed signs of indignation and the natural inference is that the burglars who entered the house used chloroform to stupefy both their victim and the dog.

Fortune's Favorite.

Pat Dillon may be Irish, but that does not prevent him from being a hustler and one of the best fellows on earth. He has sold four steam thrashing machines and two separators as well as fourteen binders this year. With a good conscience, a reputation for honesty that can't be beat, and as warm a heart as ever throbed over the troubles of Ireland, he cannot see any one in need. He is the hottest thing in Harwell.

THE CLOTH

Rid of every Suit in the time, even if we are to our POLICY is NEVER ing from one season LOSS THE BEST LOSS! looking for a good thing

Cloverport's Leading One Price Store.

One Minute Cough Cure, cures. That is what it was made for.

LODIBURG.

A M. Hardin who has been quite sick is now able to be out again.

Miss Dee Beahan is attending the institute at Harwell this week.

W. H. Hardin spent a few days with his family in Owensboro last week.

We are having small showers of blessings, which is greatly needed.

Miss Sophronie Philpott is visiting her sister, Mrs. Bob Norton, this week.

Henry Kurts now has his blacksmithing done at Lodiburg. Quite convenient, see?

Mrs. B. Johnson and little daughter Ivy, is the guest of her son, Mr. Henry Johnson this week.

There is a lucky star passes through our town once a week. Quite an accommodation to the neighborhood.

Master Vasco Hardin, our accommodated young clerk, is visiting his cousin Bruce Jolly, at Harwell, this week.

W. T. Allen who has been visiting his mother and others for some time, took the train here one day last week for his home in Missouri. "There are lonely hearts to cherish," since his departure.

On Wednesday evening of July 27th Mr. Henry Johnson and Miss Bobbie Hardin will be united in marriage in the Walnut Grove church at eight o'clock p. m. An invitation is extended to all.

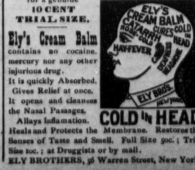

Will go to the Front.

Restless to win honor and fame in his country's defense, George M. Fullman, son of the last sleeping car magnate, has given up his task as car inspector in the Pullman Company at Chicago and is now on his way East to get his commission in the United States army.

Big Picnic.

The picnic given by the Kirk Picnic Company at Kirk Station, last Saturday was an enjoyable affair. About 600 people were present.

Ask your DRUGGIST for a genuine COLDEN'S.

CATARRH

Remedy for Catarrh of the Bladder.

It is quickly Absorbed. Gives Relief at once. It cures all cases of Catarrh of the Bladder.

Always Indefinite. Heads and Prostate the Bladder. Removes the Cause of Catarrh. Full Size per Tin. Sold by all Druggists or by mail.

W. L. BRIDGES, 21 Warren Street, New York.

You Can Save \$100!

That's an item worth considering, as \$100.00 will buy many a luxury—buy several fine dresses, eh? Well, it's a fact—you can easily save one hundred dollars

In One Year!

By purchasing your family supplies

At the "Busy Store."

Where high grade goods are sold at the lowest prices. We want to impress it upon you that we depend upon quick sales and small profits to make our business prosperous. You get the benefit of this system and we make money for you if you are our customer.

JACOB & MEYER, BIG SPRING, KY.

THE

BRECKENRIDGE NEWS.

WEDNESDAY, JULY 20, 1898.

PLEASANT VALLEY.

W. H. Brown has three cases of typhoid fever in his family.

Mr. A. S. Ashcraft and children spent the Fourth at Camp Herndon.

Miss Maggie Livers spent Saturday night with Miss L. Ada Bandy at Valley Home.

The social at A. S. Ashcraft's last Saturday night was well attended and enjoyed by all present.

Mrs. Emma Simons is spending the summer at Cloverport with relatives for the benefit of her health.

Mrs. Hattie Livers and children from Deane, Texas, are spending the summer at H. B. Livers' home.

Misses Sallie and Lellaine Harlin were Brandenburg visitors last Sunday and attended the picnic at the Wells the Fourth.

Mabel the little ten year old daughter of Mr. and Mrs. W. H. Brown died of typhoid fever July the Fourth. She had been sick almost three weeks and had suffered greatly. The friends of Mr. and Mrs. Brown regret the affliction that has befallen them very much, but sincerely hope that the rest of the family may be early restored to health. Weep not dear parents for your little one, but prepare to meet her in that bright world above where parting is no more and the weary are at rest.

Mabel we sorely miss you, as we meet each other here.

We know that you are singing in the bright world over there. God has chosen you for heaven, and we'll try and not complain.

Glad to know that you are happy, having ceased to suffer pain.

The Sure La Grippe Cure.

There is no use suffering from this dreadful malady, if you will only get the right remedy. You are having pain all through your body, your liver is out of order, having no appetite, no life or ambition, have a bad cold, in fact are completely used up. Electric Bitters is the only remedy that will give you prompt and sure relief. They act directly on your liver, stomach and kidneys, tone up the whole system and make you feel like a new being. They are guaranteed to cure or price refunded. For sale at Short & Haynes' drug store, only 50 cents per bottle.

SORGHO.

Miss Mayme Duncan is visiting in Louisville.

There has been a nice rain and crops are looking fine.

James F. Mason, Birk City, was in our midst one day last week.

J. C. McQuady is visiting his sister, Mrs. T. E. Elder near Moxleyville.

Anna Bland little daughter of Tom Perce was badly burned Sunday.

Farmers are about through threshing wheat in this immediate vicinity.

Miss Nannie Booth, Evansville, is visiting Mrs. Kate L. Beers at this place.

Miss Thersa Peters and Gus Sauer, Stanley, were visiting here last Sunday.

Miss John Pennington has gone to Marion county to visit friends and relatives.

Mr. and Mrs. Richard Steele spent Saturday and Sunday with their mother, Mrs. E. A. Rouse.

Mr. and Mrs. Horn and daughter Miss Addie Knorr spent several days last week with Mr. and Mrs. E. T. Horn.

Miss Jane McQuady, of McQuady, quite an attractive young lady is visiting her cousin, Mollie and Lillie McQuady.

An ice cream supper will be given by the ladies for the benefit of the Sorgho Baptist church on Friday night, July 22, at the Grange Hall. Everybody is cordially invited to be present.

The annual picnic at St. Peter's Catholic church will be given on July 30th. This time it will be held in a beautiful grove between Pendleton's store and Griffith. Extensive preparations are being made for its success.

R. T. Smith is in Owensboro this week, arranging the program for the Biennale Fair, which begins the 9th of August. Mr. Jagger and Mr. Smith are uniting in their efforts to make this the best fair ever held at that place.

S. M. Geary, Pierson, Mich., writes:—"DeWitt's Witch Hazel Salve is curing more piles here today than all other remedial combinations. It cures eczema and all other skin diseases."—Short & Haynes

SHILOH.

Mr. G. T. Wheeler is ill at this writing.

We have an interesting Sunday-school at Shiloh.

Hay harvest and threshing is the order of the day.

A beautiful rain passed over our vicinity last Sunday.

Miss Nellie Basham spent last Sunday with her mother.

Mrs. J. M. Shelman is visiting her sister and niece, of Union Star.

Mr. Henry French was the guest of Mr. Emmet Elder last Saturday night and Sunday.

The party given at the home of Mr. Sam Allen last Saturday night proved to be a failure.

Mrs. O. P. Basham and Mrs. B. Gough were the guests of Mrs. J. M. Shelman one day last week.

Monroe T. A. Robertson and J. C. Ruff filled their regular appointment last Sunday at Mr. Sam Ammons.

Mr. Oral Basham accompanied his boat

A Miserable Condition.
Doctors Could Not Relieve.
CURED by One Bottle

MR. L. E. STUBBS.

PRINCETON, N. Y., July 5, 1898.
Dear Sir:—In 1887 I had been afflicted with a complication of ailments, including pain in left side, kidney and bladder trouble and leucorrhoea. I lost flesh and became so miserable that I could not sit around. In this distressed condition I sought the aid of an eminent physician, but he did not seem to be able to find a remedy. I would wash my face and I received no benefit.

I was advised to try **Charles C. Martin's** **Prescription** for **Prostate** and **Bladder** trouble. I felt better the first day after beginning its use. Within three days I was much better and by the time one bottle was taken I was wholly relieved. A second bottle was taken. No return since by one-half bottle of same. No return since.

CHARLES C. MARTIN,
Prescription Pharmacist.
Next door above Payne & Co's. Cloverport.

girl home from Sunday-school last Sunday.

Miss Carrie Shelman visited in the Look Out neighborhood one day last week.

Mr. B. F. Keys spent last Saturday and Sunday with Mr. J. M. Shelman and reports he has a very fine tobacco patch, except some Frenching caused by Mr. Bob French walking through the patch a few weeks ago.

Late to bed and early to rise, prepares a man for his home in the skies. Early to bed and a Little Early Riser, the pill that makes life longer and better and wiser.—Short & Haynes.

DUKES.

Circuit Court convened at Hawesville Monday.

The weather has been treating the people cool the last few days.

S. B. Barnett and wife went to Davies county Friday to spend a few days with relative.

A nice shower of rain fell here Thursday which caused a broad smile to flit across the face of the farmer.

Deputy Sheriff Bowen was in this community Wednesday hunting taxes and summoning court material.

Mrs. Brown, who has been visiting her daughter, Mrs. Mary Duke, has been right sick but is better at this writing.

The prayer meetings, class meetings and Sunday school are all well attended, which shows well for our neighborhood.

A series of meetings will be held in the grove beginning the 25 of this month. Rev. Sneed, of Hardinsburg, will conduct the meetings.

The persons who are into the pear tree of Tom Whitley and took out the honey, he, may save trouble by coming and paying for the honey.

Mrs. Higgs and her daughter, Easter, returned home with her daughter, Mr. Nannie Kitch, of Davies county, who has been visiting here several days.

Two of Kar Eastons children one buried '13 and the other 18 years in the cemetery here was taken up Thursday and re-entered in the Farnum grave yard.

Farmers are waiting patiently the arrival of a machine that they may get their grain threshed. The machine that gets here first will get a good job, those that have no wheat wait their case threshed.

We are not jubilant to hear of a battle for in such engagements between armed forces death and suffering is the rule, but the love we have for our great and free country we love to hear of our brave American boys in blue fighting under the stars and stripes coming out victors.

There is No ? About It

No question indeed with those who have used it, but that Foley's Kidney Cure is absolutely reliable for all Kidney and Bladder diseases.—A. R. Fisher, Cloverport; R. A. Shelman, Stephensport; Gordon & Haynes, Pateville; E. A. Witt, Hardinsburg

S. E. Parker, Sharon, Wis., writes:—"I have tried DeWitt's Witch Hazel Salve for itching piles and it always stops them in two minutes. I consider DeWitt's Witch Hazel Salve the greatest pile cure on the market."—Short & Haynes.

BEE KNOB.

Everybody went to Sulphur Wells the Fourth

Miss Lizzie Lamb spent Tuesday with the Misses Ritchie.

Jim Ritchie and family, of Fishery, were here Sunday.

Mr. Geo. Houston, wife and baby visited relatives last week.

Miss Rena Medley, of Hill Grove, visited friends a few days last week.

J. L. Wright and family spent Sunday with Mr. Will Sherlock and family, near Gaston.

Miss Lila Downs and daughter spent Friday with Mrs. Bettie Wright and daughter.

Miss Mary Miller has gone to Ball Knob for a week visit to relatives. She will be the guest of her cousin, Misses Lala and Lena Sherlock.

Williams & Little,
214 1/2 Third Street,
OWENSBORO, KENTUCKY.

DR. CALDWELL'S SYRUP PEPSIN
CURES INDIGESTION.

Indigestion is the food and firm factor. "I feel a young man of extravagant tastes." "Yes," the daughter admitted, "he wants me for a wife."—Cincinnati Enquirer.

The largest coffee plantation in Brazil and perhaps in the world is the DuPont plantation, established by a Frenchman in the state of Minas Geraes. The number of coffee plants in 1896 was 4,718,000.

The first sermon in Maine was delivered at Monksburg Aug. 9, 1607.

A Good Memory
Often saves money and also good health. If you are troubled with constipation, indigestion or any form of stomach trouble remember to take home a bottle of Dr. Caldwell's Syrup Pepsin and health will be restored to you. Trial size 10c (10 doses) large size 50c and \$1.00 of Chas. C. Martin.

Pessimal to the State.
"So far as I know," said the doctor in answer to a question, "the shortest word of four syllables is 'Ochloia'." "Well," observed the professor, removing his cigar from his mouth a moment, "it's the same way as regards the office. The Ochloia always gets there with fewer letters than anybody else."—Chicago Tribune.

The Cuban question and political issues sink into insignificance with the man who suffers from piles. What he most desires, is relief. DeWitt's Witch Hazel Salve cures piles.—Short & Haynes

Up-to-Date
Merchant

Adopts up-to-date methods in conducting his business. This is an era in which printing is largely used to facilitate and systematize business. It is better for a merchant to make use of material that is artistically printed than the kind that is an eyesore.

Get
Good
Printing
Done

At our Job Printing office. We have plenty of type, fine job presses and some of the best and more experienced printers in the State. This combination will produce good results.

OUR PRICES ARE
REASONABLE. . . .

In fact they are lower than most places as we do not have high rent, taxes and insurance to pay, and this amounts to a neat sum that is saved to our patrons.

BABY'S SMOOTH, FAIR SKIN

A Grateful Mother Writes this Letter—

Tells all about Her Troubles when

Baby Broke out with Scrofula Sores.

"At the age of two months, my baby began to have sores break out on his bright cheeks. We used all the external applications that we could think of or hear of, to no avail. The sores spread all over one side of his face. We were very anxious and tried his medicine, and in a week the sores were gone. But to my surprise in two weeks more another scrofula looking sore appeared on baby's arm. It grew worse and worse, and when he was three months old, I began giving him Hood's Sarsaparilla. I also took Hood's Sarsaparilla, and before the first bottle was finished, the sores were well and have never returned. He is now four years old, but he has never had any sign of those scrofula sores since he was cured by Hood's Sarsaparilla, for which I feel very grateful. My boy owes his good health and smooth, fair skin to this great medicine." Mrs. S. S. Warren, Farmington, Delaware.

Get only Hood's.

Hood's Pills are prompt, efficient and easy to take. 25 cents.

BRECKENRIDGE

BRAINS

Gathered at the County Institute.

There's a Hot Time at the Old Town.

HARDINSBURG IN HER GLORY.

This week the brains of the county

are gathered at Hardinsburg for one week.

Hardinsburg bears the reputation of

being a center of education. This occasion

is the annual assemblage of all the

teachers from every point in the county.

It is known as the County Teachers' Institute and the body convened in the

court house, Monday with Supt. Andrew

Drickell presiding. The first business

of importance was the election of a

secretary. There were several contestants, but finally it devolved down to

Miss Mary McMeador, of Glendene, Ky.,

Ellen Smith, of Hardinsburg. Miss Smith

was unanimously elected on the first

vote.

After a few appropriate remarks from

the superintendent, the enrolling of the

members commenced. Among the

members present were Prof. A. C. Burton, of Brandenburg,

and A. R. Thomas, of Elizabethtown.

They are men of high intellectual

qualities, thoroughly versed in their

work and are good conscientious men.

Before the body, Monday, they distinguished

themselves as men possessed of

outstanding abilities. The program

throughout is indeed instructive, as well

as interesting and the week will no

doubt be beneficial to all who may attend.

There are something near 120

teachers in attendance.

The ladies are prominent and many

bright countenances are to be seen.

They mingle together as though they

were one body of brothers and sisters.

One of the teachers was over-

heard to remark that the institute was

not complete, that to his knowledge

it was the first meeting strictly void of

book agents, and afterwards said that the

Breckenridge News was better represented

than ever before.

Hardinsburg will display her colors

this week and the old town will treat

the gathering of so many intelligent

people to a royal time. Something

better than the "Franklin" will be

served every night. In the

evening numerous well turn outs can

be seen driving out in different

ways. The young men from that section

of this and Meade county are known to

have elegant rigs.

While speaking to one of the teachers

who has been out of the association for

the past year or two, but who is taking

care of a lucrative official office said: "I

am well pleased to note that the institute

is getting better every year by twenty-

five per cent, the members are fast

becoming more enthused in their work."

E. C. B.

SAND CAVE FLAT.

Shows.

Origin very good.

Wheat above the average.

Miss Florence Claycomb, of Owens-

boro, is visiting her grandparents, Mr.

and Mrs. A. Claycomb.

Mrs. Foster McKean, who has been

confined to her bed for two weeks with

neuritis, is slowly improving.

Mr. June Hayes and Miss Zella and

Ida Jarrett Sunday evening.

Stiles and Shellman are both threshing

what is in this neighborhood. Two

machines in a half mile north of here.

Miss Maude Smith, of Sturgis, Ky.,

was the guest of her cousin, Ida and

HARDINSBURG.

Items of Interest From the County Seat.

Matters of a Local and Personal Nature.

WITH THE SPICE OF VARIETY.

Burrel Beard is at home for a few

days.

A. J. Groom, of Holt, was in town last

Saturday.

The public school will open here

August 5.

The school teachers are in the town

this week.

See those sewing machines offered by

T. C. Lewis.

Miss Ellen Smith was elected Secretary

of the Institute.

Miss Bandy, of Irvington, is visiting

Miss Ella Hook.

Tom Bowmer, of Louisville, is here

visiting his mother.

Congressman Smith is billed to speak

at Center August 6.

Chinitz Royalty has rented Marcus

Kincheol's farm.

Dr. Ben Harned thinks he will move

his family to this place.

Miss Katie Kincheol, of McDaniel,

is visiting here this week.

Frank Mercer has gone to Cincinnati

on the hunt of a position.

Miss Mary Mooreman, of Glendene,

is the guest of Miss Irene Bond.

Henry Harned has two children who

have been quite ill for some time.

Mrs. Ed Beard, of Louisville, is here

visiting her father, Major Horace Scott.

Miss Maude Smith, of Sturgis, is here

this week visiting friends and relatives

of the guests this week of Miss Jessie

Beard.

Miss Jennie Houston returned home

Monday accompanied by Miss Blanche

Claycomb.

Gay Meador, Miss Zella Strother and

Mattie Christian are the guests of Miss

Irene Bond.

Miss Mary McMeador is the guest this

week of Misses Annie DeJernette and

Mary L. Smith.

The commencement exercises of the

B. N. College will be held at the court

house to-night.

Morris Beard cashier of the Bank of

Hardinsburg, is returning home about the

first of September.

Always bear in mind that C. Lewis is

the only experienced Jeweler, when you

come to repair work.

Ice cream supper at the court house

to-night just after the close of the com-

mencement exercises.

Prof. Thomas and wife, of Elizabethtown

arrived last Saturday and are the

guests of Miss Fannie Smith.

The new store "Green Flag" which

opens here about August 1st will run a

delivery wagon to all parts of town.

The Pierce residence at Cloverport was

not at all at the court house last Monday

on account of some errors in the records.

The whole county is in an uproar

about the cheapness of such a high

quality sewing machine as shown by T.

C. Lewis.

Clover Huller. Save your second crop

of clover for seed and have it hulled

with Ball's Clover Huller. It is the

best huller for clover and is sold

everywhere.

Tom Harned, George Gray, and Mil-

ton Coke were appointed a committee

to prepare the program of exercises for

each day of the Institute.

Miss Blanche Moseley accompanied by

Master Palmer Lewis, of Stephensport

were here last Saturday, the guests of

Mrs. Owen Cunningham.

The teachers who are attending the

Institute this week should feel quite

fortunate in having to instruct them two

such able scholars as Prof. Thomas and

Burton.

Sidney Hall of Constantine is here

this week. He is not now a member of

the institute, but he has not been out of

school teaching very long and is simply

mingling with his old friends and taking

notes.

One of the greatest comforts in home-

keeping is a light running machine.

You are invited upon to visit it thor-

oughly examine those made by T. C. Lewis.

An actual necessity to the equip-

ment of a home and that is a

machine. To have one that runs easily

and doesn't get out of repair. That's the

kind sold by T. C. Lewis.

BEWLEYVILLE.

We have blackberries "in store" now.

Ella Triplett is quite quick with typhoid

fever.

The "Post" calls Hawaii our "sister in

black."

Hart Piggott is a guest of relatives at

Hardinsburg.

Maude Johnson has been ill for the

last three weeks.

Weather was wet and dry with slight

appearance of rain.

Mrs. Edna Jarvis has returned to her

home at Hardinsburg.

Miss Lena Drury has gone to be the

guest of Mrs. Frank at Brandenburg.

Kate Smith visited Alberta Drury, Fan-

nie Hardaway and Bevin Clark last week.

Mrs. Beasley and daughter were guests

of Mrs. C. D. Hardaway several days last

week.

Mr. R. D. McGlothlin for the present

is stopping with her parents at this

place.

Mrs. Pomp McCoy is seriously ill. Her

recovery is very doubtful but her many

friends hope for the best.

Tom and Warden Drury have been

a visit to their grandparents, Mr. and

Mrs. Almon Mooreman, Brandenburg.

Our school trustees are cooking "an

"Crabbe." It takes quite a lot of stirring

but the job will probably be done in a

short time.

Mr. Tom Dittio and children have re-

turned to their home in Louisville. Mr.

Dittio is as pretty as a picture and ever

quite a favorite at his old home.

That little ill natured thing you are

planning to do to your neighbor will

shrink your own soul and the Bible says,

"His mischief shall return upon his own

head."

Bro. Walton passed through our com-

munity last Friday to and from Gupton.

His daughters, Lizzie and Lida, were

returning from a visit to a sister in Hen-

derson county.

Bro. Walton will begin a series of

meetings in the Methodist church the

last of the week, Thursday, Friday or

Saturday, listen for the bell. The Bro.

who helps is a stranger, but we hear

good reports from Big Spring.

The flies in our vicinity are all prepar-

ing to migrate. Mr. J. H. Vetter is securing

our houses and he is doing so well as

to leave them no quarter whatever,

and there's nothing else left to him.

Mr. Vetter does all his work in first-class

style, and is a veteran carpenter.

I read a letter the other day recently

received by Mrs. T. P. Hardaway from

her son, Hunter, of Poplar, Mont. It was

written on Birchwood paper. Hunter

had just returned from 100 mile trip to

the west of Poplar, is well, and "getting

on" generally. It will be some time for

him to give us another surprise.

Hubert and Joe Piggott entertained

quite a number of their friends Friday

to 6 o'clock last Wednesday.

It truly a happy affair and their little

mother well deserves the credit of all

present.

A special feature of the occasion

was a picture gallery of the American

heroes for the children to name.

The patriotic was uppermost, and Old

Glory received special attention both

for decoration and song.

Hail to Hawaii! We make our best

wishes to this, our new territory, and

our country, right or wrong."

With the Philippines will soon come Cuba,

the Ladrones and the Carolines and then

we will march on to China and in time

enlarge the globe. Hurrah for the

Anglo-Saxon! GOLDEN ROD.

How to Prepare Flaming Salad.

Beat one egg until well mixed, add

three tablespoons of water, three

tablespoons of vinegar, three

tablespoons of oil, and a half

teaspoon of salt. Beat until

thick and smooth. Pour this white

over one quart of shaved white

cabbage, and mix thoroughly. When cold,

sprinkle over it one teaspoonful of onion

sauce, one dessertspoonful of horseradish,

one-half of a cupful of grated

beef and one cupful of cooked

canned shrimp, cut into small bits.

Mix, stand away for an hour or so.

How to Keep Beans.

When beans are well cooked and served

is purchased in bulk, in which con-

dition it is obtained both cheaper and

better. It should be stored in a tub

of sawdust and the tub be placed in a

cool dry corner of the storeroom. When

needed, the beans will be found to

have a very pleasant and distinctive

flavor.

How to Make Clean Soap.

Stimmer a dozen cakes for 18 minutes

in their own lye. Squeeze each one

in a lemon squeezer until all the juice
